

## Who Should Attend?

New QA/QC Professionals

Interns & Graduates

Cross-functional Staff transitioning into QA

L&D/HR teams building GMP capability

## Outcomes That Matter

If you're starting your journey in Quality Assurance – this course was made for you.

## Ready to Break into Quality Assurance?

Whether you're a graduate, intern, or junior QA/QC professional, this course is your career launchpad.

JUMPSTART QA™ is a high-impact, 2-day bootcamp built to prepare future QA leaders with critical, real-world knowledge in GMP compliance, risk management, and data integrity.

- 🧠 It's not an orientation. It's a transformation.

### 💡 What You'll Learn

- ✓ Good Manufacturing Practice (GMP)
- ✓ The Pharmaceutical Quality System (ICH Q10)
- ✓ Internal Auditing & Quality Risk Management (ICH Q9)
- ✓ Change Control, CAPA & Deviation Handling
- ✓ Data Integrity (ALCOA++)
- ✓ Documentation & GDP
- ✓ Self-Inspection Workshop
- ✓ Career Paths in Quality
- ✓ Final Case Simulation + Certification

**PharmAlign Solutions**

Your Partner in Excellence and Innovation

## JUMPSTART QA™

## Mastering the Fundamentals of Quality Assurance in Pharma

Presented by PharmAlign Solutions

## Why Choose Us?

- Foundations of QA** – Understand the true role of QA, GMP principles, and quality culture.
- Pharmaceutical Systems** – Learn QMS lifecycle (ICH Q10), Data Integrity (ALCOA++), and Risk Management (ICH Q9).
- Internal Auditing Skills** – Build confidence in identifying and responding to GMP issues through structured audits.
- QA in Practice** – Explore GDP, deviation handling, CAPA, and perform a self-inspection simulation.
- Career & Certification** – Gain exposure to vendor oversight, QA career paths, and complete a final assessment for certification.
